

We're slowing down to
better serve you!!!

We will be implementing a new Electronic Medical Records system during the Summer and early Fall. Please be patient with us during this time. Check-In and Check-Out may take longer than usual during the initial phase of implementation. Please check our website for more information.

We are going electronic with our Medical Records!

Benefits to you and your family:

- Improved quality of care.
- Greater access to your child's records to help improve the efficiency of appointment requests, prescription refills and registration.
- Lab and x-ray results are expedited for our physician's review.
- Your child's prescription orders can be sent directly to the pharmacy to be available for pickup when you arrive.
- Improved patient security.
- Medical records will be available to physicians from either office and accessible in spite of a natural disaster like a flood or tornado
- Reduced possibility of medical errors.
- Faster claim settlement and pre-authorizations.
- Improved security—Northside Pediatrics protects medical information with secure data exchange as required by HIPPA.

Northside Pediatrics and Adolescent Medicine

Our mission is to provide the highest quality of comprehensive care to the infants, children and adolescents of the greater Atlanta area. We are very pleased to be seeing third-generation families in our practice.
